Course Overview

The course schedule is intended to keep you on track to complete the course within 4 weeks. You have 1 week to complete all the activities or videos in each section. These are only suggested deadlines, and you will have access to the course content for 1 year.

There are no quizzes or graded material. The intent of this course is to give you information and help you create your own personalized stewardship action plan.

The course is composed of online sections, live discussion, and forester Q & A sessions. See below for more information on each component. All events are OPTIONAL. They will be recorded and posted if you would like to listen in but are unable to attend.

Online Course Content

The course is broken into four sections, each with the following items:

- Videos & narrated Powerpoint presentations
- Activities, also found in your Backyard Woods Journal
- Additional online resources
- Section reflection

Welcome Webinar (October 1, 7-8pm)

This is an opportunity to ask any questions you have about the course and get a tour of the learning platform, course content, and other course participants.

Forester Q&A (October X, 7-8pm)

We will be joined by two county foresters to describe their role and answer forestry related questions.

Discussion (October 28, 7-8pm)

There will be 1 live discussion forum. The course facilitator will moderate an informal conversation among participants about challenges, successes, and learn more about each other's properties.
